Dear Mr. Larkin,

Re: Proposed Residential Development on the Site Area at 'Castlepark', Dalkey, Co. Dublin.

Further to my review of the latest service drawings (Nos.D1-Rev-PL10 & D2-Rev-PL6) prepared by Kavanagh Burke Consulting Engineers for the above proposed development, I have reviewed these and conclude that it should be possible to implement these without impacting significantly on the work exclusion zones created around the trees being retained.

It will be important that these works are well planned in advance so that the installation of these services do not result in an encroachment into the root zones of the trees.

If you require further information or clarification, please do not hesitate to contact us, and we will do our best to be of assistance.

Yours sincerely,
For Arborist Associates Ltd.
